PLAYER TIP NO. 6

## Step into the Mirror Chamber

Spend Gems or Magical Keys to get cards from summoning. All the cards are determined by the rarity: R, SR and SSR. Participate in Limited-time Featured Showcases where the odds of summoning a featured character are greater.

**MAGICAL KEY TIP:** Receive Magical Keys from events, the shop, and birthday showcases. Remember, you cannot combine magical keys into a set, even if you have ten of them.

## Make the Perfect Battle Team

Always pay attention to the battle conditions and combine your cards for the most effective win.

### Card Type Advantage and Disadvantage

#### Type: Attack

Higher power, lower HP

#### Type: Defense

Lower power, higher HP

#### Type: Balance

Neither the power or HP is not superior, but they are even

### Card Elements in Relation

#### Fire Element

Damages Flora but weak against Water

#### Water Element

Damages Fire but weak against Flora

#### Flora Element

Damages Water but weak against Fire

#### Cosmic Element

No advantages or disadvantages for any element

**BATTLE TEAM TIP:** Look carefully at a list of your opponent's spells that are shown on the screen. For the spell you can't see, try predicting what element of the spell will be. Then, decide the characters from your team for your turn. For example: You've got the 1st Strike, so you can see your opponent's 1st Strike which is fire. Choose a character who has water to deal ultimate damage.

## Take on the Main Story

Explore the main story of Twisted Wonderland in this mode. You will earn items such as Gems and Thaumarks each time you clear a chapter. A music note by the chapter title indicates Twistunes, while a pen indicates battles.

All Main Story scenarios are fully voiced in Japanese for compelling and immersive storytelling. Dive into this original story and characters designed by Yana Toboso!

PLAYER TIP NO. 9

## Replay Your Favorite Twistunes

Twistunes are found in both the Main Story as well as in limited-time events. Cleared Twistunes can be replayed as many times as you would like from the Home Screen. Each difficulty level offers missions that reward useful items, such as Gems. Clear them all to gather rewards helpful for leveling your cards!

## Check Out Limited-Time Events

Limited-Time Events are held periodically in Twisted Wonderland. In these events, you can play through special stories and Twistunes for items and cards only available during the event time period. Limited-Time Showcases may be offered alongside these events as well. A type of Limited-Time Events that occurs regularly is Training Camps. Use these as opportunity to gain Card EXP and Vignette EXP needed to enhance your study partner's cards more efficiently than through History and Flight Lessons.

**LIMITED-TIME EVENTS TIP:** Find even more details and stats on Limited-time Events, Missions, Showcases, and more on the official English Disney Twisted-Wonderland website. Visit <https://disneytwistedwonderland.com>.
